## **Product Description**

## eXmark 60" Lazer Z S-Series Zero Turn Mower

The perfect choice for professional landscape contractors who want the innovative engineering and commercial-grade quality of a Lazer Z zero-turn riding mower, but in a value package. It features the same welded, heavy-duty, 1.5"x 3" tubular steel unibody frame found throughout our Lazer Z models. You can also choose from two rugged Kawasaki® V-Twin engines or a Kohler® Command<sup>TM</sup> EFI engine matched to a full-floating, UltraCut<sup>TM</sup> Series 4 cutting deck, in 48, 52, 60, or 72-inch widths. A digital operator diagnostic module simplifies system monitoring and troubleshooting, while the fuel gauge uses ultrasonic waves to provide a more accurate reading. Comes equipped with a full-suspension seat that enhances operator comfort.
